87 **i. Action Item List**

88  
89 Mr. Reidt reviewed the action item list with the Board and noted that he will continue to work on  
90 the Blue Pacific issue. He also reported on vessel certifications with two motorized approved and  
91 two pending, and three non-motorized approved. A Town Square notice will be sent by the HOA  
92 the next day, and Mr. Reidt will continue working on certifications. By consensus, the Board agreed  
93 to extend the requirement for new re-certifications to March 1, 2022. No vessels should operate  
94 without a valid old certification on the water, and they must have a new certification by March 1,  
95 2022. Mr. Reidt went over that the HOA has implemented a new code for the dock access and  
96 changed access to the double gated area of Lake Lucaya Drive. The new codes will be issued only  
97 to certified motorized vessel owners by the HOA. All non-motorized certified vessels will be  
98 required to hand carry through the pedestrian gates.  
99

100 Mr. Reidt also reported on the irrigation installation this week at the main gate entry remodel. It will  
101 be paid by the District, and Kolter has agreed to be invoiced and cover that cost. Irrigation should be  
102 installed by end of this week per Brightview. Site Masters will then complete the installation as  
103 soon as possible with placing new turf. A temporary caution fence will be installed until the proper  
104 metal fencing arrives. The metal fencing has been delayed in manufacturing.
